

PIZZA OVENS

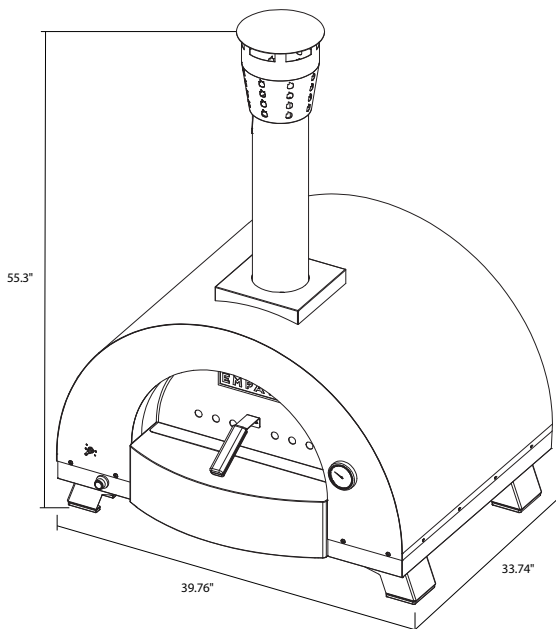

EMPV-40PG902

FEATURES & BENEFITS

- 01. With a tall chimney to dissipate oven smoke easily.
- 02. With good portability to be moved easily to camping, traveling, etc.
- 03. 1.25-inch thick fire brick on the cooking surface brings a crispier crust.
- 04. With temperature display to show oven interior temperature in real-time.
- 05. With a thermal insulation cotton interlayer to prevent skin burns from the hot outer shell.
- 06. Simulate the Italian brick oven to be able to heat up to 560°C, so as to bake authentic Italian pizza flavor.
- 07. Complete baking accessories are included, so you can start baking pizza immediately as soon as you get the oven.
